Kenny, thank you for looking at the report and providing comments. As you know, NRC committees do not respond to comments, but may do so as individuals. I have forwarded your note to the committee and perhaps individuals will chose to respond. I will take a close look and let you know if I have specific comments.

Dear John,

I would appreciate receiving any comments you would care to make regarding the attached letter about the handling of the formaldehyde BBDR model by the NRC Committee which you chaired.

Regards and best wishes,

Kenny
